CELEBRATE WITH GOLD FOR THE MONTH OF EASTER WITH A LUXURIOUS
24 KARAT GOLD JOURNEY BY BLACK PEARL

The anti-aging benefits of gold were renowned even in the time of Cleopatra. Creators of the Gold Journey, Black Pearl, have harnessed the power of 24 karat gold within their treatments to energize the skin, maintain the balance of natural moisture levels and reduce the appearance of rosacea, age spots, fine lines and blemishes while rebuilding collagen. In combination, exfoliating mineral salts from the Dead Sea will help to scrub off dead skin cells, reveal new flexible skin and leave your body feeling relaxed and radiant.

Embark on your Gold Journey with an expert consultation and welcoming drink. Treat your body to an indulgent scrub with an aromatherapeutic exfoliation of lavender and patchouli leaving your mind renewed and body soft as silk. Lose yourself in the enchanting 24 karat gold body butter applied through gentle, soothing strokes only to emerge flawless and luminescent.
